Subject: Community Objection to Proposed Cell Site at NSW-PHASE1-S11 (Karu LGA, Mararaba Ward)

Dear Mrs. Ndukwe,

We write on behalf of the Mararaba Pentecostal Fellowship and the broader Mararaba Community Council, of which the Fellowship's executive comprises eleven of the twenty-three council members. We received notice from TelcoNG NetPlan's field acquisition team, led by Mr. Ifeanyi Okeke, on Monday September 14, 2026, of the proposed cell site at NSW-PHASE1-S11 in our ward.

We register the community's formal objection to the proposal as it currently stands. The community's concerns fall into three areas: traditional leader consultation, land tenure, and an unresolved boundary dispute with the adjacent Gitata community over the precise location of the proposed site. We are confident that all three matters are resolvable through good-faith engagement, but they must be resolved before site preparation begins.

Our specific concerns are as follows:

1. Traditional leader consultation. The proposed site falls within land administered by the Mararaba Council under the chairmanship of His Royal Highness Pastor Daniel Ogbu, who is both the ordained pastor of the Mararaba Pentecostal Fellowship and the recognised District Head. He has asked to be consulted on the matter directly.

2. Land tenure clarification. The proposed site sits within a parcel under unresolved tenure: the family of the late Alhaji Babatunde Mararaba claims private title; the community council claims communal title. The matter has been before the Karu LGA Land Office since 2024 without resolution. We ask that TelcoNG NetPlan await the LGA's determination before site preparation.

3. Boundary dispute with Gitata. The Gitata community contests the western boundary of Mararaba Ward, including the area in which the proposed site is located. We are presently in discussions with Gitata to reach a mutually acceptable boundary description. We ask TelcoNG NetPlan to await the outcome of these inter-community discussions.

We respectfully request a community consultation meeting at the Mararaba town hall on Saturday, October 17, 2026, at 10:00 AM to discuss these matters in full. We invite Mrs. Ndukwe and any colleagues at TelcoNG NetPlan deemed relevant to attend. We will arrange refreshments and the customary courtesies for our guests.

The Fellowship and the Council will not stand in the way of progress for our people. But the three matters above must be resolved first. Praying for wisdom on both sides, we request that no work begin at the site until the LGA Land Office has spoken and the Gitata discussion has reached an outcome.

Yours faithfully,

HRH Pastor Daniel Ogbu
