Subject: Community Objection to Proposed Cell Site at NSW-PHASE1-S14 (Keffi LGA, Angwa Ward)

Dear Mrs. Ndukwe,

Bismillah ar-Rahman ar-Raheem. In the name of Allah, the Most Gracious, the Most Merciful.

We write on behalf of the Angwa Jama'at Council, the formally constituted Islamic community council of Angwa Ward, Keffi Local Government Area, representing the Muslim residents of the ward. We received notice from TelcoNG NetPlan's field acquisition team on Tuesday September 16, 2026, regarding the proposed cell site at NSW-PHASE1-S14. We register the community's formal objection to the proposal as currently presented.

The Council's concerns are stated below. We invite TelcoNG NetPlan to engage in respectful consultation to address each concern before site preparation begins.

Our specific concerns are as follows:

1. Proximity to the Angwa Central Mosque. The proposed site is approximately 110 metres from the Angwa Central Mosque, within the area used by worshippers arriving for Friday Jumu'ah prayer and the five daily salah. The Council is concerned about (a) the visual impact of the proposed 70-metre tower on the mosque's architectural setting, (b) the potential for the tower's construction to disrupt the call to prayer broadcast, and (c) the broader question of community consent to commercial use of land adjacent to the place of worship.

2. Consultation with the Imam. Sheikh Aliyu Tukur, Imam of the Angwa Central Mosque, is the spiritual leader of the community and a recognised authority on matters affecting the mosque. He has indicated that he wishes to be consulted directly by a representative of TelcoNG NetPlan, not through the field team. We respectfully request that a senior officer of TelcoNG NetPlan, ideally

Eng. Babatunde Olatunji or a delegate at director level, make time for this consultation.

3. Community contribution arrangement. The Council respectfully suggests that TelcoNG NetPlan consider a contribution to the Angwa Central Mosque's planned roof renovation as part of the site lease arrangement. This is offered as a constructive suggestion in the spirit of community partnership and is not a precondition of consent.

We respectfully request a community consultation meeting at the Angwa town hall on Friday, October 16, 2026, after Asr prayer (approximately 4:30 PM) to discuss these matters in full. We invite Mrs. Ndukwe and any colleagues at TelcoNG NetPlan deemed relevant to attend. We will arrange refreshments and the customary courtesies for our guests.

In sha Allah, the Council and TelcoNG NetPlan shall reach an outcome that respects both the mosque and the progress of communications in Keffi. Until that conversation has taken place between the Imam and a senior officer of TelcoNG NetPlan, no construction is to begin at the site. Wassalam.

Yours faithfully,

Alhaji Sadiq Ibrahim

Chairman, Angwa Jama'at Council; Member, Keffi LGA Council of Elders

For and on behalf of the Angwa Jama'at Council

cc: Hon. Chairman, Keffi LGA; District Head, Angwa Ward; Federal Ministry of Communications and Digital Economy
