Quotation Date	2026-10-04
Vendor	Tachyon Networks Nigeria Limited (Logistics Division)
Vendor Contact	Ola Adeyemo (ola.adeyemo@tachyon-networks.ng , +234 805 555 9220)
Buyer	TelcoNG NetPlan
Buyer Contact	Sheila Stokes, Senior Network Planning Engineer
Parent PO	TCH-PO-2026-019 (Abuja CBD 5G Densification Pilot)
Validity	until 2026-10-05T09:00:00+01:00 (Monday morning before the NCC hearing)
Currency	NGN (Nigerian Naira)
Payment terms	On authorisation; charges incurred immediately upon written sign-off

Subject

Expedited customs clearance broker service for two manifest lines currently held: VND-2026-Q4-0061 and VND-2026-Q4-0072. Cleared shipments expected at warehouse within 48 hours of authorisation.

Background

Two equipment lines under PO TCH-PO-2026-019 entered the "in customs - delayed" status overnight Saturday-Sunday 2026-10-04 at 03:14 UTC, as recorded in TelcoNG's airtable records_vendor_manifest table. The lines are:

Line ID	Item description	Quantity	Unit USD	Line total USD	Hold reason
VND-2026-Q4-0061	5G NR Massive MIMO radio unit, 64TR ed.2	1	4,000	4,000	Awaiting NCC type-approval certificate cross-check
VND-2026-Q4-0072	Edge baseband processor BBU-7600	4	2,700	10,800	Tariff classification dispute (HS code 8517 vs 8525)
TOTAL				14,800	(Inventory value at risk)

Without expedited intervention, the routine customs clearance process can take 10-14 business days from triage. With the agreed equipment delivery deadline of 2026-10-19 (15 calendar days from quotation date), the routine timeline would place delivery on or after 2026-10-18 in the best case, and 2026-10-22 in the worst case, breaching the deadline.

Quoted services

Service item	Description	Cost (NGN)
NCC type-approval cross-check facilitation	On-site representation at NCC Type Approval office to retrieve the cross-check certificate for VND-2026-Q4-0061	18,000
Tariff classification dispute mediation	Engagement with NCS classification team to resolve HS code 8517 vs 8525 dispute for VND-2026-Q4-0072	22,000
Demurrage and storage charges (estimated)	Container storage at Apapa CFS for 4 days at standard demurrage rates	15,000
Expedited release handling fee	Tachyon broker margin on accelerated release process	8,000
Internal transport, Apapa CFS to Apo Industrial Estate Abuja	Dedicated truck, secure transport with armed escort, 24-hour transit	12,000
SUBTOTAL		75,000
VAT (10%)		7,500
GRAND TOTAL		82,500

Service-level commitment: Cleared shipments will arrive at the Tachyon-managed bonded warehouse at Apo Industrial Estate within 48 hours of written authorisation. If we miss the 48-hour SLA, the expedited release handling fee (NGN 8,000) will be waived. Tachyon stands behind this commitment in writing.

Authorisation

By signing below, the Authorised Buyer Signatory authorises Tachyon Networks Nigeria Limited to incur the charges itemised above, in full, against the Buyer's account, with payment due on standard 60-day terms from the date of invoice. The Buyer acknowledges that the charges shall be invoiced via xero (invoice number TCH-EXP-2026-0017, status DRAFT until authorisation, transitioning to AUTHORISED on sign-off).
